

## Maths

During the Autumn term children will consolidate their learning from FS2 before confidently moving on to more tricky concepts.

The areas of maths we will cover are: Number: Place Value (within 10 and 20). Addition and Subtraction (within 10). Geometry: Shape.

At St John's we follow the White Rose schemes of learning for maths and teach using a mastery approach.

Support children at home by involving them in everyday maths tasks like shopping and cooking, talk about days of the week, months of the year and times of the day you complete certain activities.

1-minute maths app | White Rose Maths.

EVERYONE CAN DO MATHS: EVERYONE CAN!

## English

Children will develop their descriptive writing by looking at a number of different narrative texts including 'Supertato' and 'Perfectly Norman'. The children will also look at Non-Fiction writing through weather reports as well as looking at poetry in our 'Rhyme Time' and a focused piece called 'Firework Night'.

Daily phonics teaching and reading sessions will enable children to read and spell confidently. Handwriting sessions will take place three times a week, enabling children to write legibly and fluently using a pre-cursive handwriting style.

Read with your child at least three times a week and record this in their reading records. Reading books will be changed by class teachers on a Monday. Children will take home a fully decodable reading book until their phonics knowledge is secure, this is to support your child in applying their increasing phonics knowledge and is in line with current DfE guidance.

MULTI ACADEMY TRUST

Year 1  
Autumn Term  
Aut 1 - What matters most to me?  
Aut 2 - Why does the weather change?

## Religious Education

Guided by the school's Christian Values, children will have time to reflect during daily Collective Worship.

During weekly lessons children will learn:  
Creation – Who made the world?

Incarnation – Why does Christmas matter to Christians?

## Wider Curriculum

Through the wider curriculum we will introduce children to a wide range of subjects, enriching their knowledge of the world in which they live. Subjects will be taught through a combination of formal teaching and continuous provision where children will be able to enhance their knowledge independently by accessing carefully chosen resources and challenges.

These subjects include:

### Geography

- Where do I live? – map and observational skills.
- Weather – seasonal and daily weather patterns.

### Science

- Labelling body parts and exploring our senses
- Weather changes.

### PSHE

- Relationships and families.
- Real heroes – Jobs.

### Music

- Singing.
- Rhythm, beat and dynamics.

### Design and Technology

- Structures and houses.

### Art and Design

- Painting: Primary colours, mixing and secondary colours.
- Sketching: Patterns and mark making.

### History

- Local heroes.
- Mr Straw's house and how homes have changed.

### Computing

- Online safety.
- Grouping and sorting.

### Physical Education

- Ball Skills.
- Gymnastics.
