

2nd October 2026

Dear Parents/Carers of Y5

Ancient Greece Virtual Reality Experience

We are excited to let you know that, as part of our learning about **Ancient Greece**, pupils will be taking part in a special **Virtual Reality (VR) experience** in school.

The experience will give the children an amazing opportunity to bring their history learning to life. Using VR headsets, pupils will be able to explore aspects of the Ancient Greek world in an immersive and engaging way, helping them to develop their understanding of what life was like during this fascinating period of history.

The VR experience will take place on **Wednesday 18th November** during the school day and will be led by the Education Group alongside school staff. We are asking for a contribution of **£5** per child. A payment has been set-up on Arbor and the link will be sent to you for permission and payment.

If your child has any medical, visual or other needs that you feel may affect their participation in a VR experience, please contact class teachers so that we can discuss appropriate arrangements.

We hope that this will be an exciting and valuable addition to the children's study of Ancient Greece, and we are looking forward to seeing their learning brought to life!

If you have any questions about the experience, please do not hesitate to contact us.

Yours faithfully,

Mrs Cunliffe and Mrs Pearce
